

Prof Chen Pei-Ying

National Taiwan Normal University
E. pychen@ntnu.edu.tw

Peiying Chen is Director of Center for Educational Research & Innovation at National Taiwan Normal University. She is also a Professor in the Department of Education & Graduate Institute of Policy & Administration. She specialises in research on policy study on school improvement and curriculum reform, school leadership, teacher leadership, professional learning communities, and educational governance. Her work has been published in such leading international journals as *School Effectiveness and School Improvement*, *Educational Review*, *School Leadership and Management*, *Asia Pacific Journal of Education* and domestic journals. She is currently leading the large, comprehensive school reform program sponsored by the Ministry of Education, School Actualization Program, for improving high school educational quality in Taiwan. Chen has helped teachers form professional learning communities, develop instructional toolkits, and apply generative AI to strengthen pedagogical practices.
