

Post-iGeo excursion Option A:
6-Day-5-Night tour in Sichuan, China
6-11 August 2019

Sichuan, people call it the “Land of Abundance” for thousands of years due to its abundant resources, spectacular geological features, rich culture and history since the ancient time. Throughout the various dynasties of China, Sichuan was a place that the warlords and kings aimed to control and fight for. At the present time, Sichuan is always on the top list among tourists visiting China.

In this post-iGeo excursion, you will visit various geological and cultural spots in Sichuan, to understand why it is an important place for emperors and leaders from the past to present. Furthermore, you will visit various Giant Panda research centers to learn about the “Treasure of China” and the conservation policy in China.

Brief itinerary

- **Sichuan Museum:** start the tour with the history and information about the "Land of Abundance" - Sichuan
- **Yingxiu, memorial site of the 2008 Sichuan Earthquake:** even with abundant resources, natural disasters never stop affecting the Sichuan people for thousands of years
- **Wolong National Nature Reserve and Dujiangyan Panda Breeding Yefang Research Center:** famous for the conservation of the Giant Panda in China. This might be your first contact with these fabulous creatures and learn more about the conservation policy of China towards endangered / vulnerable species
- **Dujiangyan Water Conservancy Project site:** a very ancient water conservancy project since 256 B.C.
- **Mount Qingcheng:** with its highest peak of 1600 meter, Mount Qingcheng is one of the birthplaces of Daoism in China
- **Chengdu Ancient City:** as the center of Sichuan, acted as a commerce and cultural hub since warlord period
- **Jinsha site Museum:** an important archaeological site of China; a prove of civilization in the area started at 1,000 B.C.

*For reference only and may be adjusted subject to different conditions.

** Wolong National Nature Reserve, Mount Qingcheng and Dujiangyan Water Conservancy Project are listed as the UNESCO world heritage sites.
