Scheme for Means-tested Subsidy on Exchange to “Belt and Road” Regions for Post-secondary Students (Means-tested SSEBR)

Background

Scheme for Means-tested Subsidy on Exchange to “Belt and Road” Regions for Post-secondary Students (Means-tested SSEBR) is established to support and encourage local students of full-time locally-accredited programmes at sub-degree and undergraduate (including top-up) levels with means-tested grant to participate in exchange activities held in the Belt & Road regions, excluding the Mainland, Taiwan and Macao.

Eligibility Criteria

Eligible Students

- Local students enrolled in full-time locally-accredited sub-degree and undergraduate (including top-up degree) programmes at the time of application and throughout the duration of the subsidised exchange activity;
- In receipt of means-tested student financial assistance (i.e. approved grant under TSFS or FASP) from Student Finance Office (SFO) OR whose families are in receipt of the Comprehensive Social Security Assistance (CSSA) by the time student applies or is nominated for an outbound exchange activities;
- Going to participate in an eligible exchange activity as detailed below; and
- Selected through a merit-based mechanism administered by EdUHK.

Eligible Exchange Activities

- Outbound exchange activity comprising substantive teaching and learning elements to be held in any B&R country/economy¹ excluding the Mainland, Taiwan and Macao;
- Organised and/or endorsed by EdUHK;
- Lasting for at least five days if the applicant is an undergraduate student; or lasting for at least five days and is related to his/her discipline/field of study if the applicant is a sub-degree student; and
- If the exchange activity is not organised by EdUHK, the host institution must be a recognised educational institution/body either in Hong Kong or in the exchange destination.

Subsidy for Students

The maximum amount of subsidy to be granted to an eligible student for participating in an exchange activity under Means-tested SSEBR varies according to the destination and duration of the exchange activity as set out below:

¹ The definition of B&R country/economy refers to the one listed at the Hong Kong Trade Development Council website at <http://beltandroad.hktdc.com/en/country-profiles/country-profiles.asp>. The list of B&R country/economy is subject to review and update from time to time without prior notice.

(A)	
Destination	Subsidy Amount (\$)
Asia (including Middle East, excluding the Mainland, Taiwan and Macao)	3,000
Africa	7,000
Oceania & Europe	8,000
Central & South America & Caribbean	15,000

(B)	
Duration (Days)	Subsidy Amount (\$)
5-13	3,500
14-28	6,000
29-90	10,000
91-180	25,000
Over 180	45,000

**For Student Exchange Programme (SEP) organised by EdUHK, duration is set at 91-180 days.*

Selection Criteria

- In general, the duration of an exchange activity should cover the period from the commencement date to the completion date of the official programme of the exchange activity. Travelling time back and forth between Hong Kong and the exchange destination should not be counted towards the duration of the exchange activity.
- For each exchange activity, the maximum amount of subsidy to be granted to the student is calculated by adding up the subsidy under (A) and (B) above, then discounted by his/her level of student finance (in terms of percentage of full grant) approved by SFO.
For example: If a student receiving 50% of full grant from SFO joins an exchange activity in Hungary for 100 days, the maximum amount of the subsidy to be granted to the student will be \$16,500 [(A)\$8,000 + (B)\$25,000]x50%.
In cases where the level of student finance approved by the SFO is lower than 50%, the level of student finance for calculation of subsidy will be adjusted to 50%.
- The amount of subsidy granted to an eligible student under means-tested SSEBR should not exceed the direct costs arising from his/her participation in the concerned exchange activity.
- EdUHK may, at its full discretion, adjust the actual amount of subsidy to be granted to the student downwards from that maximum amount, having regard to the actual travelling expenses and participation fees involved in the exchange activities, other subsidy/sponsorship received by the students, etc.

- Each student will only be eligible for assistance under the Means-tested SSEBR twice at most, subject to the maximum amount of subsidy to be received by him/her under the Means-tested SSEBR, i.e. \$60,000 discounted by his/her level of student finance approved by the SFO throughout his/her study at the same level of study. For example, for an undergraduate student who is entitled to 50% of full grant from the SFO, the maximum subsidy to be granted to him/her under the Means-tested SSEBR would be \$30,000 throughout his/her undergraduate study. Students are encouraged to undertake exchange activities in different places and hence will only be eligible for subsidy under Means-tested SSEBR once for exchange activities in each of the B&R countries/economies.
- Each student will not be eligible to receive subsidy under the SSE/Means-tested SSEBR/Non-means-tested SSEBR if he/she has received subsidy under any of these Schemes for the same exchange destination. Such restriction does not apply to the Non-means-tested MES.
- Students who have previously received assistance from other scholarships or support schemes wholly or partly funded by the Government are also eligible for assistance under Means-tested SSEBR.
- Students receiving assistance under Means-tested SSEBR may receive subsidies from other sources (including Government and private ones) to cover expenses in connection with the same exchange activity.
- Priority should be given to those who have not received any subsidy under scholarship / sponsorship / subsidy schemes wholly or partly funded by the Government.
- Subject to subsidy funding available in that academic year.

Application Procedure

- Eligible students should submit the application together with supporting documents 1) SID copy; 2) Grant/Loan Notification Result or Notification Letter on Comprehensive Social Security Assistance and 3) acceptance letter issued from the overseas exchange institution to apply for SSEBR.
 - Application should be completed, for consideration by SAO, prior to the exchange activity. The Declaration for Exchange Subsidy Claim Form together with three major receipt copies have to be submitted WITHIN one month after the programme end date, or by 31 August of the academic year that the exchange activity takes place, whichever is earlier.
- * The approved subsidy will be issued in two instalments: 70% will be issued before the exchange activity provided that sufficient processing time is given; while the remaining 30% will be issued after the submission of Declaration for Exchange Subsidy Claim Form with documentary proofs. Students should be able to receive the cheque in around 2 months after submission of a complete application and declaration form.*

Subsidy Recipient's Obligations

- Sign an online undertaking form to comply with respective terms and conditions; and
- Submit the Declaration for Exchange Subsidy Claim Form after the programme end date.

EdUHK reserves the right to adjust the approved amount of subsidy or demand the return of the subsidy amount granted if the subsidy recipients do not fulfill any of the above conditions or the subsidy received is greater than the actual direct costs associated with the exchange activity.
