## Part II

The University's Graduate Attributes and seven Generic Intended Learning Outcomes (GILOs) represent the attributes of ideal EdUHK graduates and their expected qualities respectively. Learning outcomes work coherently at the University (GILOs), programme (Programme Intended Learning Outcomes) and course (Course Intended Learning Outcomes) levels to achieve the goal of nurturing participants with important graduate attributes.

In gist, the Graduate Attributes for Sub-degree, Undergraduate, Taught Postgraduate, Professional Doctorate and Research Postgraduate students consist of the following three domains (i.e. in short "PEER & I"):

- Professional Excellence;
- Ethical Responsibility; &
- Innovation.

The descriptors under these three domains are different for the three groups of participants in order to reflect the respective level of Graduate Attributes.

The seven GILOs are:

- 1. Problem Solving Skills
- 2. Critical Thinking Skills
- 3. Creative Thinking Skills
- 4a. Oral Communication Skills
- 4b. Written Communication Skills
- 5. Social Interaction Skills
- 6. Ethical Decision Making
- 7. Global Perspectives

## 1. Course Synopsis

This course gives participants the framework, knowledge and general understanding of all key aspects of personal finances necessary for multi-level financial capabilities by using real-world situations and case studies. Participants will understand and learn the importance of financial planning techniques. After the course completion, participants will develop communications and problem solving skills and identify analytical skills to facilitate effective financial planning and decision-making, including informed decisions regarding saving, spending, investment, insurance, retirement, and estate planning.

# 2. Course Intended Learning Outcomes (CILOs)

*Upon completion of this course, students will be able to:* 

- CILO<sub>1</sub> distinguish financial literacy at different life stages in association with the framework of the financial competencies required
- CILO<sub>2</sub> identify key elements of personal finance planning and their significance in managing a responsible life
- CILO<sub>3</sub> critically review on pedagogical issues in personal finance education at different targeted groups
- CILO<sub>4</sub> apply relevant knowledge, skills and technique of planning and managing personal finance to the achievement of personal goals
- CILO<sub>5</sub> make sound judgement and rational decisions on personal finance regarding saving, spending, investment, insurance, retirement, and estate planning
